

# Pals & Peeps Game

Here's a fun game to play with a friend, a neighbor, or even at a dinner party!

## Instructions:

- Print out each sheet of Pal Cards and Peep Cards.  
*(Tip: If you can, print them on cardstock so they are nice and sturdy.)*
- Cut the cards and create a stack of each deck.
- Deal out 6 Peep Cards to each player.
- Leave the Pal Cards in a stack in the center.
- Flip one Pal Card over and set it face-up in the center.
- Have each player use a Peep card from their hand to complete the sentence in the funniest or most relevant way possible. If there is more than one blank on the Pal Card, then use multiple Peep Cards to complete the sentence.
- After playing your Peep Card(s), pick up a new one so you always have 6 Peep Cards in your hand.
- Read the sentences aloud, laugh, then draw more Peeps Cards and start again.

If you're playing with more than 2 people and want to get competitive, take turns reading the Pal Card prompt. In this version, the non-reading players give their chosen Peep Card to the reader face-down. The reader should not know who added which card, so mix them up if need be! Once all players have provided their chosen Peep Card, the reader reads each aloud with their prompt, and chooses their favorite. Whoever submitted the favorite Peep Card wins the round and receives the Pal Card to hold on the table next to them. Whoever ends up with the most Pal Cards at the end, wins!
